First of all this week let me start with a message to the people who broke into my computer and deleted my notes for the week: Any government that is afraid of the truth is doomed. When this is all over, you will either be executed for treason or spend the rest of your life in jail.

Now for the news: The biggest event for the West in the past week was the announcement of a military government in the US on July 9th. This announcement was made during the NATO 75th anniversary summit meeting in Washington DC. In case you missed it, here it is on the official White House website:

<https://www.whitehouse.gov/briefing-room/presidential-actions/2024/07/09/memorandum-on-delegation-of-functions-and-authorities-under-sections-1333-1342-1352-and-1353-of-the-national-defense-authorization-act-for-fiscal-year-2024/>

To underline this, the actor playing the role of President Joe Biden stood in front of the entire assembled NATO delegations to introduce Ukrainian President Vladimir Zelensky as “President Putin” and Vice President Kamala Harris as “Vice President Trump.”

You can see from the faces of so-called National Security Adviser Jake Sullivan, fake Defense Secretary Lloyd Austin and Satanic Secretary of State Anthony Blinken in the video below that they were not in on the regime change.

To make it more explicit Biden was also told to say he takes orders from his  
“Commander in Chief, the chief of staff of the military.”

Although the White House Press release does not say who Biden handed power to, it is a safe bet to say General Charles Q. Brown,

<https://www.jcs.mil/Leadership/Article-View/Article/1974872/gen-charles-q-brown-jr/>

Chairman of the Joint Chiefs of Staff is now running an emergency military government.

The installation of a military government comes amid huge geopolitical events during the past week involving the emergence of a Eurasian military alliance that dwarfs NATO and is about to absorb NATO. We will look into that further below.

For now though, we note the false flag assassination attempt against Donald Trump over the weekend. The first thing to say is we are all sick and tired of politics being run via street theater staged by Freemasons. A healthy society should have a public discussion based on facts to decide the best course to navigate into the future. If the results are not satisfactory, then we change course accordingly. Having secret societies decide without public input inevitably leads to social decay and inequality.

0:00 / 0:26 

1×

OK having said that, **it is clear the assassination attempt on Trump was staged** to get public opinion to support the arrest of Trump opponents. Here are the signs:

First of all before the event, Biden said “It is time to put Trump in a bullseye.”

<https://www.indiatvnews.com/news/world/biden-tells-nato-that-ukraine-can-and-will-stop-russia-vladimir-putin-announces-historic-aid-for-kyiv-latest-updates-2024-07-10-941100>

Then recall this tweet put out by Alex Soros widely interpreted as offering money for the assassination of Trump.

In addition to this, many political commentators like Rick Wilson on MSNBC called for someone to “put a bullet in Donald Trump.”

Since the would-be assassin was a member of ANTIFA who appeared in Rockefeller-controlled BlackRock commercials, it is likely there was a genuine plot by the Khazarian Mafia to kill Trump.

Thomas Mathew Crooks:

So, the likely scenario is the white hats let the Rockefeller group proceed with this attempt in order to give them enough rope to hang themselves with.

The fact Secret Service snipers were told to stand down even after many people spotted the would-be assassin also indicates the event was orchestrated:

*My name is Jonathan Willis, I'm the officer in the famous photo of the two snipers on the roof at Trump's rally. I came here to inform the public that I had the assassin in my sights for at least 3 minutes, but the head of the secret service refused to give the order to take out the perp. 100% the top brass prevented me from killing the assassin before he took the shots at President Trump.*

My overall impression is this event was typical of the KM. Whenever bad news like a record trade deficit comes out, they stage a distraction, like having Britney Spears display a tit in public and then have the media concentrate on that.

The Freemasonic attempted assassination ritual came amid huge geopolitical events and extremely serious fighting in the ongoing secret war for the planet Earth.

During the past week the Russian FSB, the North Koreans, Asian Secret Societies, the Yamaguchi Gumi syndicate, MI6, the CIA and others contacted the White Dragon Society about the intense battles now underway.

As the head of MI6 put it: "The essential movement we see in the geopolitical landscape is a failed US fighting hard but failing and the rest just moving on. The international infighting is an old ruling class decline and a change of regime."

One indication of how intense the situation has become is military exercises by Chinese troops on the Polish border and the presence of 120,000 Peoples Liberation Army troops inside the United States.

J.J. Carrell, Former US Border Deputy Patrol Agent speaks on the Chinese Illegal Migrants That Have ALREADY ENTERED America "Military analysts have already determined that at least a 120,000 are PLA soldiers."

America is in SERIOUS TROUBLE as we already know.

The Russian FSB for its part says the United States and Israel will soon

“cease to exist.” The reason is a decision reached at the recent Shanghai Cooperation Organization summit on the 4th of July to replace the US dollar with a BRICS currency this autumn.

This was the result of extremely intense negotiations between Russian President Vladimir Putin and Indian President Narendra Modi at their summit meeting on Moscow last week.

The US dollars held by non-Americans are already the de facto BRICS currency but India has been blocking attempts to rename these dollars as a BRICS currency because it would hand de facto control over China, the largest holder of these dollars.

To mollify Modi, Russia has supplied India with over \$ 60 billion worth of oil and weapons and accepted payments in Rupees that Russia is unable to spend. Russia is upping the ante by offering to build a series of nuclear power plants in India and supply them with uranium.

Russia has also persuaded India to go along with the new currency by creating a military alliance between itself, India, Mongolia and North Korea. These countries all share a border with China so clearly this is Russia's way of promising China will not be allowed to bully its neighbours.

This is why India announced it would be building 12 hydroelectric power dams in Arunachal Pradesh, a region claimed by China. They can do this now because they know Russia has their back.

Of course, this Russian bear hug did not come for free for India. It turns out that as a part of its military alliance with Russia, India has sent troops to Ukraine to fight against the KM puppet regime there.

<https://indianexpress.com/article/cities/chandigarh/pm-modi-back-frontline-punjab-manrussian-army-9449039/>

You can tell from this picture of Modi as he leaves Russia that he has a lot on his mind as a result of his Russia trip.

However, in a sign the Russian Eurasian military alliance is not directed at China, Chinese troops last week carried out military drills in Belarus near NATO member Poland's border.

<https://www.dw.com/en/chinas-joint-maneuvers-with-belarus-is-the-sco-behind-it/a-69649357>

Polish intelligence says the drills started just as the NATO summit meeting began and as a result of this Polish and Ukrainian troops withdrew from the border of Belarus. After this, the Belarussians and Chinese also pulled back from the border. NATO then issued a statement saying "NATO is a defensive Alliance."

[https://www.nato.int/cps/en/natohq/official\\_texts\\_227678.htm?selectedLocale=en](https://www.nato.int/cps/en/natohq/official_texts_227678.htm?selectedLocale=en)

The Polish troops have now been redeployed to the Ukrainian border where they have been spotted executing fleeing Ukrainian soldiers.

<https://haltturnerradioshow.com/index.php/news-selections/world-news/breaking-news-poland-border-troops-execute-fleeing-ukraine-troops>

In a last desperate attempt to appear relevant, NATO released a new pro-Ukraine video. "Despite the propaganda, they know NATO will be dismantled very soon," a Pentagon source says.

Behind the scenes, Hungarian President Victor Orban, who is currently the head of the EU, began intensive diplomacy. He visited Ukraine, Russia and China before flying to Mar a Largo to meet Donald Trump after which he tweeted:

“It was an honor to visit President [Donald Trump] at Mar-a-Lago today. We discussed ways to make peace. The good news of the day: he’s going to solve it!”

<https://www.aljazeera.com/news/2024/7/12/hungarys-viktor-orban-meets-trump-at-mar-a-lago-for-peace-mission-5>

Notice he did not bother to meet Biden or his handlers and called Trump “President.”

Our sources in the various agencies and secret societies say a deal is being worked out where NATO will join Russia’s Eurasian military alliance. This alliance will then take care of security for the Eurasian landmass.

At the same time, the Anglo-Saxon Five Eyes will take charge of the oceans to ensure the free flow of trade, fight pirates, etc. The Five Eyes is also trying to convince Japan to join it to form a “six-eyes” alliance to watch over the oceans.

However, this will have to wait until a very serious power struggle in Japan comes to a conclusion. Last week there was an attempted military coup d’etat there and the situation has still not been resolved.

As the national broadcaster NHK reports:

“The Japanese Defense Ministry has reprimanded 218 members of the ministry and the Japan Self-Defense Forces, including senior personnel, for misconduct.”

[https://www3.nhk.or.jp/nhkworld/en/news/20240712\\_16/](https://www3.nhk.or.jp/nhkworld/en/news/20240712_16/)

The charges were obviously trumped up and involved things like “eating cafeteria food for free.” Also, the report says Defense Minister Kihara Minoru will replace the head of

the Navy, Admiral Sakai Ryo on July 19. The fact he could not fire him immediately shows the battle is far from over.

Our own sources close to the Emperor say the current regime will not be able to fire most of the military command because it is common knowledge among the military they were responsible for the murder of over 500,000 Japanese with vaccines.

As an example of this, former Interior Minister Kazuhiro Haraguchi –who was in charge of all police forces in Japan- has publicly apologized for the mass deaths caused by vaccines.

<https://www.thaimbc.com/2024/06/01/top-japanese-government-official-issues-apology-for-mass-vaccine-deaths/>

The Japanese Yamaguchi Gumi syndicate and other members of the underworld, as well as various secret societies, promise they will remove fake US Ambassador Rahm Emmanuel and other Japan handlers in the near future.

They have not done so yet because they have been asked to wait for Emmanuel's bosses in the US to be removed from power. This is now happening as we noted above. Message to Emmanuel: "Pack your bags and leave while you still have time."

There are big meetings related to this among secret societies in Taiwan and well as within the Chinese Communist Party this week. We do not know the details of these talks but various sources make it clear some sort of regime change is inevitable.

The North Koreans, for their part, have started negotiations with the white hat alliance. Last week they offered access to the vast mineral wealth of North Korea in exchange for unification of the Korean peninsula, according to a source directly involved in the negotiations.

North Korea has two-thirds of the world's supply of rare earth metals as well as 20 million tons of gold among other resources. The table below given to us by the North Koreans, (which we will translate later) shows just how much wealth they are sitting on.

The white hat alliance has accepted the North Korean proposal and the head of MI6 issued the following statement in response:

“We wish the Korean people peace and unity and will always support this. Their decision is their own and all of the international community will stand by this.”

Of course, all of these moves will have to wait until the destruction of the current regimes in the US and Israel are completed.

As we noted above, this process is well underway in the US. Hungarian Prime Minister Orban calls Trump president because that is what he is. If you still do not understand the 2020 election was stolen, compare the bottom map showing which states require photo ID to vote and the states that do not with the top map.

The former handlers of the fake Biden are now staging a desperate rear guard action to stay in power. Here for example you can see Obama's former chief strategist David Axelrod on CNN trying to toss Biden under the bus saying:

"Biden is *\*not\** winning this race... it's more likely that he'll lose by a landslide than win narrowly."

Now Senator Tommy Tuberville claims Chuck Schumer, Nancy Pelosi, and Barack Obama have been secretly running the US during Biden's presidency

"They've had total control. Not the president," he told Fox News.

The military moved because the KM was planning to use even more illegal voters to stop a greater election theft this year.

To stop this, the US signed an agreement with Panama this month to “close the passage of illegal migrants” through the Darién Gap. Panama’s President José Raúl Mulino has also vowed to stop the Central American country from being a transit route for migrants. To this end barbed wire is being put up and naval patrols are being intensified.

<https://edition.cnn.com/2024/07/11/americas/panama-darien-gap-barbed-wire-migrants-intl-latam/index.html>

There is also a backlash against migrants in the UK.

Watch British TV anchor Alex Phillips go off about migrant crime in London. Phillips said she had to hide at a neighbor’s house after a migrant followed her home and she had her phone stolen. She also claims her friend’s teenage daughters have been followed, groped, and sexually assaulted.

"I don't care if people turn around and go 'you're a racist', because my safety and the safety of women in this country is paramount."

Our UK sources say a crackdown has begun there but, for operational security reasons, they cannot provide details at this time. However, MI6 confirms they have not received a single paper document signed by "King Charles" and that the king appearing in the media is AI.

They also confirm this new "public appearance" by Kate Middleton is just another body double.

(there are 2 photos of body double Kate in the link below)

Getting back to the US, a big reason the military is taking action is because they know the border is being used for human trafficking of the worst sort as this headline shows:

“Biden admin whistleblowers claim ‘billions of taxpayer dollars’ used by gov contractor to traffic children on the border”

*“Children were sent to addresses that were abandoned houses or nonexistent in some cases,” Deborah White, a federal employee detailed to the Department of Health and Human Services Office of Refugee Resettlement, ORR, told Republicans. White said. “In Michigan, a child was sent to an open field, even after we reported making an 911 call after hearing someone screaming for help, yet the child was still sent.”*

The agency white hats are also releasing more information on the KM pedophile network:

“Could this be one of the main reasons why the Epstein list has not been released?”

"More on Epstein that seems a little fishy..."

Plus this:

*Antony Blinken Tied To Jeffrey Epstein: Went To School Where He Taught, Family Connected To Epstein's Mistress*

*Secretary of State Antony Blinken's stepfather was a close confidant and lawyer for Ghislaine Maxwell's father Robert Maxwell.*

*Samuel Pizar, the stepfather of Biden regime Secretary of State Antony Blinken, was a close confidant and lawyer for Ghislaine Maxwell's father Robert Maxwell. Blinken's stepfather was reportedly the last person to speak to Maxwell before he mysteriously fell to his death off the Lady Ghislaine while cruising near Spain's Canary Islands in 1991.*

*Most Americans may know Secretary of State Antony Blinken for his major role in the devastating Biden administration Afghanistan Disaster, or perhaps for his warmongering while working for the Bush and Obama administrations.*

*However, many may not know that he has connections to the convicted pedophile, ritualistic sex predator, and international elite human trafficker Jeffrey Epstein, who was identified as a Mossad agent who blackmailed world leaders with underage sex traps by former high-ranking Israeli intelligence officials*

The white hats have also continued to go after the pharmaceutical mafia to counter their planned "bird flu" offensive.

It turns out you can find the "never seen before" H5N2 virus FOR SALE in a catalog. Yes, you read that right. BEI Resources, funded by the NIAID, is selling it. But that's just the beginning. The Ex-CDC Director Dr. Robert Redfield warns, "The recipe for making bird flu highly infectious to humans is already out there."

The agencies also put out this Simpsons-style cartoon video about the KM and their evil pandemic plans:

We are also now hearing the World Health Organization, in its founding document (1946), EXEMPTED itself from criminal prosecution.

Why would WHO need to give itself exemption from criminal prosecution?

The answer is obvious: "The reason why they wrote that into their founding charter is because they knew they were ALREADY BREAKING the law."

In a sign the long-awaited crack down on the pharmaceutical mafia has begun we note Pfizer head Albert Bourla has “caught Covid” and is “isolating himself.”

We are also hearing Bill Gates, WHO head Tedros and other top pharmaceutical bosses are being taken down. Believe it when you see it though because we have heard this song once too often.

What cannot be doubted though is the head of the snake Israel is being taken down:

*Forty-six thousand Israeli businesses have been forced to shut as a result of the ongoing war and its devastating effect on the economy, Hebrew newspaper Maariv reported on 10 July, referring to Israel as a “country in collapse.”*

The report linked below says Israel’s construction, agriculture, tourism, trade and other industries are all shutting down.

<https://thecradle.co/articles-id/25882>

Meanwhile in the video below military analyst Scott Ritter explains how the Israeli armed forces are also in a state of collapse and are running out of soldiers and ammunition.

Mossad sources say 2 million out of Israel's population of 6.5 million Jews have left or are planning to leave the country.

At the end of the day, the sources say Israel will cease to exist and be replaced by the nation of Judea.

Once Israel falls, its US colony will also cease to exist. It will be replaced by the United States of North America, white hat sources say.

Finally this week we will conclude with a call to arms for Europe sent to us by Polish intelligence;

*You, the real people of all European countries, continue to ask your craftsmen and farmers in every region to disarm their radio transmitters and ensure that chemtrails from airplanes no longer pollute the air. If necessary, close airports with tractors,*

trucks and large vehicles that cannot be towed. We do not tolerate sky spectacles, American military outdoor cinema or Vatican sky projects...!! You can save yourself from all the PsyOp soap opera...We are the people of real Europe, not stupid descendants of Hollywood or Chinese plastic! We are very angry about chemtrails and have already had harvest problems in some regions.... the shepherds this year have sheep that suddenly died, as well as more stillbirths and miscarriages than ever before... and this can only be caused by chemical pollution in the air and in the meadows... and by the electrical load in the air, when animals are in an area (largely fenced) with electric fencing. It is an absolute outrage what the Vatican (transmission towers), EU policies and newfangled military policies have done to people, flora and fauna in Europe, as well as newfangled military policies... and these are attacks on health and the supply of agricultural products in Europe. This is artificial weather – i.e. weather manipulation, and thus a war on populations and living creatures of nature! A victim of this stupid military policy is anyone who has had an accident or had bad grades in school due to artificial weather conditions. Many people and companies have already suffered this year due to regional floods and damage to buildings and vehicles. Maybe they weren't as spectacular as the storms and destruction in America or Asia... but they did happen and were inflicted on peaceful European citizens. Over the past few days, the sky was often so milky that planes could not be seen and therefore it was impossible to tell which planes were releasing more chemtrails. Even though the sky was blue in places, mountains of clouds soon gathered and it was far too cold for July. In some grain fields, the crops lie flat due to water damage... This makes threshing more difficult and produces lower yields, and straw in the dark is less popular than mulch. If it is moldy, it is no longer suitable for straw. In some places, the potatoes rotted a few weeks ago because the weather was too wet. Military people who are so stupid and don't even know the basics of real life don't know how to grow your own crops or cook your own food... we don't want stupid hat-wearing people like the government. We also don't want to be distracted or exploited by cloned or duplicate actors. How stupid are you... you can save your cartoons and other movies, kitschy wonders and action movies. This isn't real life and we will not tolerate such nonsense. That's why every day we tell electricians and electrical engineers to casually look around and then remove the transmitters used to manipulate the skies... and farmers and truck drivers should protect technicians so they can do their jobs with peace of mind. Gentlemen!
